WON'T TELL THE TRUTH.

Partisans Wilfully Misrepresent Real Facts in Longmire Episode.

Captain Longmire, who gained such unusual notoriety in this city, has been strolling the newspaper correspondence and Delegates to the late Democratic Congressional Convention with a liberal amount of false information.

It is to be noted that he has misstated the Mason County Guards, which is not true; that he went to Vandenburg to muster out the Company at that place, which is not true; that he had to go to Pineville to muster out the Company there, which is not true; and that he will return to Maysville when he gets through with the performance of those "duties," which is probably not true also.

The cold-blooded fact is that Captain Longmire, in an order signed by Colonel David R. Murray, Assistant Adjutant General, under date of May 20, issued by command of Governor Bonner, was instructed to muster out three military companies, namely, the one at Pleasureville, Henry County, which he mustered out before coming to Maysville; the Company at Mayfield, and the one at Grayson.

This is the sole of the matter.

He had no orders to go to either Vandenburg or to Pineville; and military officers are not generally in the habit of obeying orders that have never been issued.

The mistake that Longmire and McFadden made is in running away from a warrant charging them with breach of a city ordinance.

If they had remained and paid their fines like men, or given bond which they could easily have done, they would have disarmed all newspaper criticism.

THE "CLOSEST" MAN.

He Has His Home in the Sixth Ward of This City.

Adjectives applicable to the Meanest Man have been strained to the uttermost, so no attempt in that direction will be made here; but it is desired to speak of the "Closest" Man.

Economy is a most commendable trait, but it should be practiced with moderation and a due regard for the rights of others.

"A penny saved is two pence clear," said Mr. B. Franklin; but it may be doubted if it is a good way to make "two pence clear" by stopping the Carrier of THE LEDGER taking from him a subscriber's paper, sitting down and reading it to a crowd of "economical" persons, and then handing it back to him!

If the party who did this is too poor to pay for a paper, his name will be placed on the "charity list" if he will call at the office and make a statement to that effect.

In the meantime, it is hoped there will be no more such attempts at "economy" at the expense of patrons who are waiting for the Carrier to deliver their papers.

John A. Halefield, who has been stationed at Vandenburg as night operator for the C. & O. for several months, and Miss Mary Cox, daughter of Mr. and Mrs. A. J. Cox, eloped to Cincinnati a few days ago and were married.

News, news, news! It's enough to give a man the blues. Nobody married and nobody dead; nobody broken an arm or a head; nobody came in to talk to the doctor; nobody got boozey and started a scrap; no one got run over for taking a horn; nobody buried and nobody born. Oh, for a racket, a riot, a fuss! Someone to come in and kick up a muss; someone to stir up the peaceable air; somebody's got to give a speech; somebody's got to think up a new idea; somebody's got to run up their dues; anything, just so it's news.

"THAT KENTUCKY CAMPAIGN."

The Ledger-Citizen of Cincinnati has just published "That Kentucky Campaign," by Hughes, Schaefer and Williams, three newspaper men of Louisville. To those at all interested in political matters there is a fund of entertainment in a book just published which is a history of the political and ordinary events in the Bluegrass state, arising out of the 1896 election for Governor. The one hundred illustrations comprise portraits of the late Senator Goebel, Governor Taylor, Governor Ex-Governor Breckinridge, all the notables who contributed to the stirring events that made Kentucky shine as a field of battle surpassing that of South Africa or the Philippines in interest. THE LEDGER acknowledges a receipt of the book, which will doubtless find a large sale, not only in this state, but in every state in the Union.

A cheep hat for a man is all right but we want something that will serve and cure the more severe and dangerous results of throat and lung trouble. What shall you do? If possible, buy a good hat. If not possible, then take the only remedy that has been introduced to the market, which is a nostril expander. It not only heals and stimulates the nostrils, but it cures the disease. Question Answered.

Yes, August Flower still has the largest sale of any medicine in the world. You others and grandmothers never thought of using anything else for Indigestion or Biliousness. Appendicitis, Nervous Prostration, Heart Failure, etc. They used August Flower to clean the system and stop fermentation of undigested food, expelling the poisons of the system, and that is all they took when feeling dull, when the system was not in a fit condition. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing the matter with you. For sale by J. C. Peacock.

There!

....Are few business concerns that retain the hold upon the public for so many years (over half a century) as ours. In these years many clothing people have come here and after so long or short a time, like the Arab, silently folded their tents and stole away. It is the ever watchful care of the interests of our patrons that makes our house "The Home Store." The majority deal here with a blind confidence born of many years fair dealing. It is a common saying (you know it is)

Taylor's Plurality. 2,383

The Goebel Law is the most fitting monument that GOEBEL could have.

There is at least one Goebel man in Mayville who has sense enough to step indoors when it is raining. He took pains to personally compliment THE LEDGER for its expose of Captain LONGMIRE and Sergeant McCLELLAN. There are so many who can't distinguish between the things that a private citizen may do without being subject to newspaper criticism, and the things that a public official may not do without laying himself liable to censure, that it is refreshing to note the action of the gentlemen above referred to. A private citizen who transgresses the law injures himself only; a public official injures an entire community.

CAPTAIN LONGMIRE and Sergeant McCLELLAN were at Mayville Tuesday and Wednesday to muster out the Mason County Guards. There was some kicking on the part of the Guards, who wanted to hold on to their guns until they had been paid for guarding usurper TAYLOR at Frankfort.—*Democrat*

Sam, why will you try to cover up the sins of you'uns by such misstatements as this? The boys were all "dead willin'" to be mustered out, and their accoutrements were all promptly and properly turned in at the Armory, where it was LONGMIRE's duty to receive and receipt for them. But LONGMIRE and McCLELLAN were "fugitives from justice"—either in Ohio to escape service of a warrant for being drunk and disorderly—and Captain COCHRAN is awaiting the arrival of some duly authorized gentleman to relieve him of responsibility for "them guns."

To avoid suffering, prevent coughs and colds by the time of year, take a few drams of Syrup. It is a safe, pure and swift remedy for all bronchial affections and colds. Dr. Jas. Wood & Son.

W. A. Field and Miss Etta Johnson married this week at Augusta.

For two years Ira W. Kelley of Mansfield, Pa., was in poor health on account of a severe cold, which he never quite recovered from. He consulted several physicians and spent considerable money for medicine, but nothing would do him any good. Finally he tried Foley's Kidney Cure, and now we are happy to report that he is well again. It may be the cause of others.

Jas. Wood & Son and Armstrong & Co.

Compare it with other popular papers, and you will see that the "Lester" is not the best, and that it doesn't give the most for the money. Can't you afford to have it left at your residence for a month? Mr. Hal Curran will be glad to book your order.

Quick Relief for Asthma.
Miss Maude Dickens, Parsons, Kansas, writes: "I suffered eight years with asthma, and was compelled to seek a physician and spent considerable money for medicine, but nothing would do me any good. I tried Foley's Kidney Cure, and now we are happy to report that I am well again. It may be the cause of others."

YES OR NO?

Mayville People are Respectfully Asked to Answer These Questions.

Is there anything in the evidence of one's senses?

Is there anything in the testimony of one's friends?

Can reliance be placed upon statements from people we know?

Are the opinions of local citizens of any greater moment than those of strangers?

Would you sooner believe people living in some far-away place than citizens of your own city?

We think not, for home proof can be easily investigated.

Mrs. R. Wallingford of 220 January street says:

"Doan's Kidney Pills which I got at J. Jas. Wood & Son, Druggist, corner of Washington and Main Streets, are of such great benefit to Mr. Wallingford that he did not consider it necessary to use any other medicine. He had a backache, which had annoyed him for some length of time. His father also used to complain of it, and is enthusiastic in its praise."
